INTRODUCTION

Thepsatri Rajabhat University has been organizing an international competition since 2013, starting from an international English speech contest, in which more than 40 contestants from ASEAN countries cordially participated. Furthermore, an international academic conference, an international forum on “Local Development”, and a cultural exchange among participating universities from Thailand, Malaysia as well as Indonesia were, in the following years, successfully organized, respectively. Realizing the importance of partnerships at both national and global levels so as to strengthen academic cooperation, considered as a whole as advantageous to staff and students, and such awareness of cultural harmonies, Thepsatri Rajabhat University (Thailand) in collaboration with Universiti Teknologi Mara Kedah Branch (Malaysia), Universitas Sarjanawiyata Tamansiswa (Indonesia), Ho Chi Minh City University of Technology (Vietnam), and Universitas PGRI Adi Buana Surabaya (Indonesia) is organizing the 4th International Academic & Cultural Exchange 2021 (Online) on August 19th – 20th, 2021, aiming to authentically widen and promote students’ and staff’s knowledge as well as expertise in terms of education, economy, technology, culture, and other essential related areas.

The 4th International Academic & Cultural Exchange 2021 (Online) comprises Online International English Impromptu Speech Contest, Online International Idea Pitching Competition, and Online International Conference on “Teaching and Learning in New Normality: A Key to Empower Teacher Towards Sustainable Education”, which all interested individuals can freely select according to their fields of study and interests.

Last but certainly not least, on behalf of the organizers, we do hope you would find this online international event valuable as well as interestingly beneficial and eventually decide to be a part of this memorable academic achievement with us.

MESSAGE FROM PRESIDENT OF THEPSATRI RAJABHAT UNIVERSITY

International partnerships among universities are beneficial to all, ranging from students to staff. The rate of internationalization is increasingly rapid due to various communication channels and inexpensive travel. Evidently, most universities across the world are already seeking to make the most of the possibilities by forming global partnerships and fostering relationships with other institutions. This effort mainly aims to promote students' and staff's potential and to strengthen cultures as well as the relationship among university networks.

Forming international university partnerships offers students an opportunity to learn not only academic and cultural aspects but also life skills. Additionally, it enables universities to better understand the cultures of other nations, thereby facilitating their marketing success there.

The 4th International Academic & Cultural Exchange 2021 (Online) is co-organized by Thepsatri Rajabhat University (TRU), Universiti Teknologi Mara Kedah Branch (UiTM), Universitas Sarjanawiyata Tamansiswa (UST), Ho Chi Minh City University of Technology (HUTECH), and Universitas PGRI Adi Buana Surabaya (UNIPA) in order to provide students and staff from our university networks with valuable opportunities to present and exchange their learning and working outcomes.

Hopefully, the 4th International Academic & Cultural Exchange 2021 (Online) will be successful and productive for all participants and bring such strong friendship among the universities.
